

Wi-Fi USB Adapter

Introduction

The Wi-Fi USB Adaptor is designed to connect the GV IP devices, such as GV-Video Servers or GV-Compact DVRs, to the wireless network. This product complies with IEEE 802.11 b/g/n (Draft 3.0) standards for wireless networking.

Compatible GV IP Devices

The Wi-Fi USB Adaptor is compatible with any of the following hardware and firmware.

- ⦿ GV-Video Server GV-VS02A (Firmware V1.03 and later)
- ⦿ GV-Video Server GV-VS04A (Firmware V1.01 and later)
- ⦿ GV-Video Server GV-VS12 (Firmware V1.03 and later)
- ⦿ GV-Compact DVR V2 (Firmware V1.04 and later)

Specifications

Network Standard	IEEE 802.11 b/g/n (Draft 3.0)
Chipset	Ralink RT3070
Host Interface	USB 2.0 Backward Compatible (Standard-A Type connector)
Operating Frequency	802.11b/g/n (2412 ~ 2484 MHz)
Dimensions (L x W x H)	44.33 x 20 x 7.75 (mm) / 1.75 x 0.79 x 0.31 (in)
Installation Guide	Wi-Fi USB Adapter
